

Sample number : 201205012

Number: LABJL-065

Description	Gas oven	Model	PL8430SSBG070		
Rated Power	16,000BTU	Sample received date	2012-5-8	Test date	2012-5-8

Test basis : according to the requirement by the engineer.

Test condition	Gas type	Gas temperature	Gas pressure	Supers pressure	Room temperature	Humidity
	Propane	26°C	2.74kPa	100.9kPa	26.2°C	56%

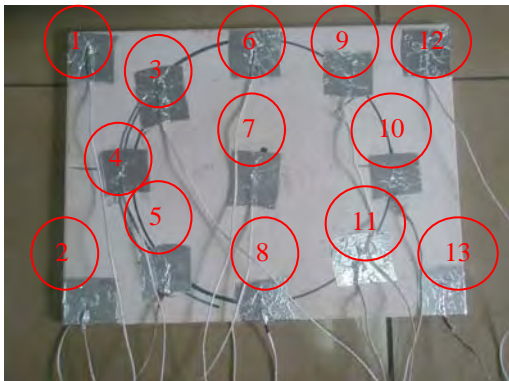

Test content :

Test the temperature of the oven as related to temperature of the pizza stone Oven power is 16,766BTU; RESULTS BELOW
